Krzysztof Paśnik - Warszawa

Prof. Krzysztof Paśnik, PhD in medical sciences, since 2007 has been the Head of the Department of General, Oncological, Metabolic and Thoraco-chirurgical Surgery at the Central Clinical Hospital of the Ministry of National Defence of the Military Medical Institute in Warsaw. Since 1993 he has been involved in surgical treatment of obesity. He is a pioneer in introducing modern surgical techniques in the treatment of obesity.

He created a team of specialists dealing with the preparation of patients for bariatric operations in standards corresponding to the highest requirements. He is the founder of the Polish School of Bariatrics. In 1998 he obtained a specialization in oncological surgery.

In this field he deals with surgical treatment of gastrointestinal cancers, breasts and endocrine glands. Specialist in the use of minimally invasive laparoscopic techniques for gastrointestinal operations. Author and co-author of over 238 works published in national and international magazines and delivered at conventions. President of the Society of Polish Surgeons from 2017.
